

Home and Community-Based Services (HCBS) Rules CONCEPT FORM

Vendor number(s)	H12408
Primary regional center	GGRC
Service type(s)	ARF L2
Service code(s)	915
Number of consumers currently serving and current staff to consumer ratio.	3 current, 6 possible Staff: 1 to 6
Have you or the organization you work with been a past recipient of HCBS Funding?	NO
Please provide a brief description of the service/ setting that includes what a typical day consists of and how services are currently provided; include barriers to compliance with the HCBS rules.	<p>We provide residential services to Adults who want to live in home environment and be as independent as possible. Individuals and staff get ready for the day: In the morning after getting ready, eating breakfast, packing their lunch, each person gets ready to go. We have individual who uses a cane inside. This individual has a walker with wheels. The walker does not work well inside because it catches on the carpet. Staff takes the walker down the stairs and get it ready for this individual. Staff makes sure the individual gets down the stairs and gets into their transportation from program. The other residents go on to their programs or jobs as well. Upon return: Staff makes sure residents gets up the stairs and staff brings the walker up the stairs and into the home. The individuals resumes using the cane inside. All other residents return as well.</p>
Identify which HCBS federal requirements this concept addresses that are currently out of compliance.	<p>#10: Ramp to access the home with a walker or wheelchair. This will help the residents stay in the home and the community in which they have lived in many years.</p> <p>#10: Laminate floors to ease the residents walking with canes, walkers or wheelchairs. We have residents with allergies and Asthma problems. By putting in laminate flooring an added benefit to residents is that by providing a cleaner healthier environment, residents breathing problems may be lessened. So residents can continue living in the home and community in which they have lived in for many years.</p> <p>#4. Van with a capacity for 8 occupants. Van is needed to transport residents to and from activities of their choice. Van is needed with capacity for 8 occupants to be able to transport all plus staff for recreational activities and outings.</p>

Home and Community-Based Services (HCBS) Rules CONCEPT FORM

<p>Narrative/description of the concept; include justification for the funding request and explain how the concept would achieve proposed outcomes.</p>	<p>Federal requirement #10. Ramp: To give access and safety to all residents to the home so they can continue to live an independent life as possible in the home and community they have lived in for many years. Residents who need a walker or wheelchair temporarily or permanently would be able to stay in the home.</p> <p>Federal requirement #10. Laminate flooring, is needed so that walkers, wheelchairs can move around in an easier manner. This would give the residents independence. Residents can then continue to live in the home and community they have lived in many years.</p>
<p>Please describe your person-centered approach¹ in the concept development process; how did you involve the individuals for whom you provide services?</p>	<p>Our home has resident meetings. The residents are all pretty verbal. Our home believes in person centered as a whole. Both the ramp and the need for laminate flooring is one the residents agree would better their lives and would enable to continue living in the home.</p>
<p>Does the concept address unmet service needs or service disparities? If so, how?</p>	<p>Yes, The funding would provide the ability to meet the needs for outings for everyone in the home as well as activities of their choice.</p> <p>The funding would provide the residents the ability to live as independent as possible in the home and community they have live in.</p>
<p>Estimated budget and timeline; identify all major costs and benchmarks — attachments are acceptable.</p>	<p>Federal Requirement #10 Ramp: \$20,000.00 Federal Requirement #10: Laminate floors \$16,000.00 Federal Requirement #4: 8 passenger van \$ 30,000.00</p>
<p>Total requested amount.</p>	<p>\$ 66,000.00</p>
<p>What is your plan for sustaining the benefits, value, and success of your project at the conclusion of 2018-19 HCBS Funding?</p>	<p>\$66,000.00</p>

¹ A person-centered approach emphasizes what is important to the individual who receives services and focuses on personal preferences, satisfaction, and choice of supports in accessing the full benefits of community living.
